

CURRICULUM VITAE

INSTITUTIONS

University of Auvergne, Clermont1, Clermont-Ferrand, France
Hospital University of Clermont-Ferrand, France.

PRESENT POSITION

Martine Hennequin is Professor in Restorative Dentistry & Endodontics at the Dental Faculty, University of Auvergne, Clermont-Ferrand, France.

She is the Head of the Unit of Special Needs Dentistry at the Hospital of Clermont-Ferrand, and she is responsible for teaching of Special Care Dentistry & Sedation, Dental faculty, University of Auvergne

She created and managed a research team in the University of Auvergne that aims 1) to describe the medical and social conditions of populations at risk of disability in oral health and 2) to validate the techniques used to treat these populations and to develop specific preventive programs. Her current projects are 1) characterisation of the masticatory parameters for non-disabled and disabled persons 2) validation of procedures for sedation that may increase access to dental care for people with special needs, 3) to study barriers to the development of the comprehensive approach for oral health in patients with special needs.
